Sir:

**PETITION UNDER 37 C.F.R. 1.10(d) TO CORRECT INCORRECTLY
ENTERED "DATE-IN" ON EXPRESS MAIL LABEL**

Applicants hereby petition the Director to correct the filing date of the above-captioned application to February 24, 2004, which is the date the application was deposited with the USPS as Express Mail with proper postage.

This is a request to accord a filing date 4 days later than the one accorded by the USPS and the USPTO. Applicants request expedited handling of this request in order to permit them to obtain properly dated priority documents for foreign filing currently in progress.

Submitted herewith is the statement of Arthur E. Kluegel as to when the discrepancy was discovered and establishing that this petition is being filed promptly thereafter in accordance with 37 CFR 1.10(d)(1).

Correction is required because the application was deposited at a USPS Express Mail drop box and the wrong date was entered by the USPS.

In addition, a new Filing Receipt is requested.

The following attachments establish the showing required by 37 CFR 1.10(d)(3):

1. USPTO Filing Receipt dated May 17, 2004.
2. Statement of Arthur E. Kluegel, including USPS receipt, establishing promptness of filing this Petition.
3. Statement of Deidra L. Mack including:
 - (a) A true copy of the first page of the correspondence that was filed showing February 24, 2004 as the date on which the correspondence was mailed as Express Mail Label No. EV293529955US and showing that the number of the Express Mail was placed thereon prior to mailing; and
 - (b) A true copy of the Express Mail log that came into being within one business day of the deposit of the correspondence in the USPS Express Mail drop box that verifies the deposit date of February 24, 2004.

The Commissioner is hereby authorized to charge any fees in connection with this application to Deposit Account Number 05-0225. A duplicate copy of this letter is enclosed.

Respectfully submitted,

Arthur E. Kluegel

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

Sir:

STATEMENT OF ARTHUR E. KLUEGEL

The undersigned is the attorney of record in the subject application. This statement is given to establish that the correction of the filing date has been promptly initiated.

The undersigned first became aware of the discrepancy in the filing date on or about January 18, 2004. This came about when a foreign agent who had been retained to complete foreign filing in Taiwan noticed that the filing date on the priority document indicated February 20, 2004 and that this did not correspond to the true filing date of the application of February 24, 2004.

It appears that the USPS erred for some unexplained reason in entering the wrong date of February 20, 2004, on the Express Mail receipt and label. This error was not discovered by my office when the Post Card and Filing Receipt were received from the USPTO but was discovered during the above-mentioned foreign filing.

Respectfully submitted,
